Honorable Judiciary Committee

\

Subject : SB 797 vote NO

Please join my family and I in voting this terrible bill as NO

It is very similar to SB 764 .

How do you put limits on protection on any of us in a sanctuary city or state we are already at risk.

If the state and cities violate federal law why should anyone follow the laws of the state ?

Also, since the state cannot get even the state agencies to follow state law why should anyone else?

We don't need more control we need to enforce the laws we have.

Why is controlling the law abiding citizen more important than going after criminals?

Kindest regards
