Subject: Ompmp

To whom it may concern. I am writing this email today to ask you to vote no on olc involvement in omp. Any of it. We your constituents, don't want it nor do we need it. You people have over regulated the market with taxes and hoops to jump through. We the people voted to legalize marijuana. Not so you can over regulate it or steal from us what we have worked so hard to accomplish. This is your ultimatum, vote no, or we vote you out. You work for us not the other way around. Remember that when you go to the polls.
