

*SB 764 is clearly nothing more than an effort to eliminate lawful concealed carry in Oregon. The requirements proposed in the amendments are onerous, unnecessary and almost impossible to comply with. How about instead of trying to take away rights of law abiding citizens you work getting Oregon's economy in order? How about getting some people back to work? Cutting all the social programs that eat up the budget? Enforce the laws that are already on the books? This list could go on.*

*I strongly urge you to consider your constituents and not the deep pockets of New York billionaires who are promoting this harmful legislation and vote "NO" on the amended SB 764 and any other anti gun anti rights bill that comes through. How about a bill for dealing with treason? That could apply to our governor and several senators, congressmen?*

*Get with the program and take care of America quit wasting time and resources on bills such as SB 868 as it is an outrageous assault on liberty, private property and due process. As amended by the amendments it is far worse.*

*Vote "NO" on SB 868 and any added amendments.*

*Thank you,*

*Mike Rose*
