

Senate bills comments:

Please vote against SB 764, “dash 2”. CHL holders are law-abiding owners which submit to background information, something a criminal doesn’t bother with.

Much more importantly, the number of CHL misused sidearms is very, very low. CHL holders are serious about safety.

Also please vote against SB 868 and “dash 1” and it’s amendments. This bill has been expanded to include "Any instrument, article or substance specifically designed for and *presently capable of* causing death or serious physical injury ". Look around your home! Can use see many items which could cause death / serious injury?”.

Sometimes folks laugh at gun owners warning about the “slippery slope”. Folks, every bill that comes out as time goes on shows that we’re on the slippery slope RIGHT NOW.

The attacks NOT committed by persons with self-protection guns are not addressed. I guess “Ladies, you are on your own”.

If you wish to control deaths, start with where the deaths occur, namely gangs. The police know who they are. Easy to find.

Asking you to do the right thing,

Paul Ashton,
Newberg

PS: politically, do we wish to be swayed by a guy named Bloomberg who gives a large doses of money to candidates? As Everett Dirksen said, “money is the mother’s milk of politics”.

Bloomberg, the guy who says “I am telling you if there is a God, when I get to heaven I’m not stopping to be interviewed. I am heading straight in. I have earned my place in heaven. It’s not even close” id a guy who ran a city with the most strict gun control, had plenty of murders and has his own bodyguard.
