

You have all taken a oath to uphold the constitution . Stop allowing Marxist Tyrant to come against lawful citizens . Stop giving Judges more power to criminalize lawful citizens at the cost of our rights.

Stop allowing carpet bagging globalists to come with ill gotten funds to pay you all off.

What part of shall not be infringed do you all not understand? Any and all gun legislation you pass is all illegal. Your all in violation of the constitution . You are all violating our civil rights!

You will not stay in office supporting anti gun issues.
