

Dear senators,

I urge the Oregon Senate Judiciary Committee to pass SB 797. It will close the loopholes in our laws that allow domestic abusers and other individuals with violent backgrounds to purchase guns.

Please do not allow the sense of false urgency to obtain a gun quickly and expediently to overshadow the safety needs of our community. Due process and a reasonable time period to ensure a potential gun owner has a minimal level of good judgement is in line with the 2nd amendment and can save innocent lives.

Please have the courage to stand up to gun lobbyists.

*Thank you,
Karina Bruzzese*
