To whom it may concern,

Regarding SB 764, 797 and 868, it is virtually impossible to state my personal objections against these proposed bills as the list is too long. I'll simply state that I am COMPLETELY OPPOSED to them in their entirety! I was born in Ashland Oregon in 1957 and am completely amazed that these horrifying proposals could even be in any way at all suggested by anyone. I urge all human beings to use every legal means so that these DO NOT become law!

Sincerely,

Eric Simpson
