

Dear Legislators--

What a great non-partisan, non-controversial way to help homeless pets and position Oregon as the animal-loving state it is!

HCR 16 makes the "rescued shelter dog" our official state dog, which would:

- promote adoption from rescues and shelters
- recognize ALL breeds, mixed and pure, as valued and lovable
- not promote one breed over another

As a lifelong animal lover, rescuer and advocate, I urge you to vote YES on this wonderful resolution. Otis and Gracie, my mixed breed rescue dogs concur!

Thank you for considering this resolution and for everything you do for our communities and our state!

Beatrice
