Dear Senators:

I want to say that I vigorously oppose this bill. I am not a supporter of Trump or any of his agenda; I want to be clear about that. I probably have all the guns I'll ever want but that's not the point. The provision being deleted by this bill is an essential safeguard against apathy and under staffing within OSP. I, along with many others, have been subjected to vetting delays. If passed there would be no incentive for OSP to conduct speedy background reviews. A likely result would be indefinite delays. This would amount to denial and forfeiture in cases where there's no justification whatsoever. It would give OSP too much power with no checks and balances. I know the governor wants this but she would like to ban guns altogether. This bill is an attempt to do that in an incremental and back handed manner. Please don't pass this through.

Yours very truly,  
Nicholas Coffey
