Subject: In favor of HB 2566 A-Eng
Date: Tuesday, April 25, 2017 10:28:54 AM

The following is my testimony in favor of HB 2566 A-Eng for the public hearing on 4/26/17.

Chair Dembrow and Members:

I am in favor of HB 2566 A-Engrossed. Increasing the age of those who can be mentored in hunter safety is very wise. It is logical that there would be fewer accidents and unintended consequences from the practical teachings of a mentor than if the young person were to start out hunting “cold turkey” at 18 years old.

Please vote yes on HB 2566 A-Engrossed.

Thank you for this opportunity to testify.

Helen Scott
