

My husband and I rescued a dog from the Clackamas Animal Shelter in 2006. What a find! Cooper, our dog, has been a cherished member of our family for 11 years. He's an old boy now and we treasure each day with him.

Please use rescued dogs as a symbol our Oregon. What a wonderful step forward that would be in showing the entire USA that we care about our rescued animals and want them to go to good homes.

Sincerely,
