This would make the landlord have "nick picky" rules. Like " if you refuse to let us in to do an inspection, tenant always coming up with excuses this would be a reason to terminate the agreement. I know this has happened to me in the past and I always wonder what they are hiding. and they usually are, like an animal, extra people, not taking care of the place.

This would be a hardship on the Landlords.

SERENITY It does not mean to be in a place where there is no noise, trouble or hard work. It means to be in the midst of those things and still be calm in your heart.
