To Whom it may Concern,

My husband & I have been fair landlords for 22 years, and have maintained nice rental homes in Southern Oregon. We strongly oppose the HB 2004 bill and believe it would drive many landlords out of business, and as a result, cause a shortage of the states supply of quality affordable housing. Please vote NO on the HB 2004 until more options are provided for Landlords!

Thank you,

Daniel and Shirley Barklind
