Subject: Deschutes River trail and bridge Senate HB 2027
Date: Tuesday, May 02, 2017 3:30:33 PM

Please vote no on this bill as it is another of Gene's special interest bills that benefit a few homeowners on the Deschutes River while ignoring the needs of residents and visitors in Bend.

The Bend Parks management has proven they are capable of listening to residents regarding park issues. They do not need Gene's special interests to block what could become a valuable asset in Bend.

Thanks,
