Subject: Deschutes River Trail Bridge
Date: Tuesday, May 02, 2017 7:06:15 PM

This issue is one that deserves to be dealt with locally and not by State-wide legislation. It is another case of NIMBY forces complaining about something being done in their back yard that they would have no problem with if it was in someone else's back yard. It makes good sense to build a bridge to complete this trail system and I am all for it even though I might never use it. I do use parts of the Deschutes trail system regularly and the option of doing the entire trail from Sunriver to Bend has appeal for me. I think the Oregon State Senate should not even vote on the House Bill to prevent it but let it die a quiet death.

Dr. David Osgood, Ph.D., Resident of Spring River Acres, West of Sunriver.
