

As a Lane County resident who owns 3 rentals, please note that I am not in favor of SB2004-A. These properties are part of my planed retirement program. We have always kept our rents at or below market rates. I have no problem providing a 90 day no cause notice and have done so for the last 2 years. However, I am apposed too forcing the Landlord to pay up to \$5,000 in moving expenses!!! How can you justify this? **Vote NO on HS2004-A**
