**Subject:** Legislative Measure restricting a landlord's ability to maintain his responsibilities over rental properties.

My name is Dave Jacobson, and I have a few rental properties in Springfield, OR. As I read the proposed measure, I am struck by the fact that this is incredibly discriminative against landlords. If it passes, I predict that landlords will SELL or ABANDON their properties, inasmuch as the landlords will no longer have control over their own investments. I urge the Oregon Senate to vote against this measure. Thank you for reading this.
