Subject: In support of HB 2004

My name is Crystal Froembling, I live in North Portland, and I'm lucky to live in a house owned by my partner, at the end of a quiet, dead end street. However, I was born and raised in Portland and have been a low income renter much of my life. I have watched my communities become displaced and pushed out over the decades. Our community is at a critical juncture where we need to stand up for fair housing policy and be the progressive place we profess to be. I urge your support of HB2004. If not now, when? How can we continue this madness, we can not build our way out - you should not have to make \$80k to have stable housing!

I thank you in advance for your support of this legislation, HB 2004 is more critical now than ever before.

Thank you,
Crystal Froembling
