**Subject:** H 2004-A

As a landlord in Mult. Co., I urge you to oppose H 2204-A. Imposing penalties on landlords who want to reasonably control the occupancy of their property is overextending the reach of government, and rent control will not solve the affordable housing shortage. Build additional public housing SO ALL TAXPAYERS, NOT JUST LANDLORDS, can share the burden of supporting people who have lower-income housing needs.

Thanks,  
Doug Hall
