Chair Gelser, Vice Chair Olsen, and Members of the Committee:

My name is Peter Hainley and I support HB 2004A.

I own a duplex in Portland and believe that HB 2004A is a reasonable way to protect tenants while not inconveniencing the landlord.

While many landlords believe this legislation is overreach, it is in fact a reasonable way to balance the power differential between landlords and renters.

Please support HB 2004A.
