Subject: HB2004-A

To whom it may concern,

I own multiple rental properties in Deschutes and Lane County and oppose HB 2004-A. It is a poorly written bill and targets the minority of bad landlords by penalizing the majority who care about their tenants and properties with unfair burden in what amounts to penalties for actions that may rarely be used by owners but will certainly be capitalized on by savvy tenants. I urge you to oppose this House Bill.
