I am a landlord in Jackson County, I only have one rental and I am a single mom with a second home I rent out.

This would not only jeopardize the safety and welfare of myself and my child, but it would also be very hard on me if I had to pay to re-home a tenant who was vandalizing my home, got into criminal activity and was convicted, or threatened me, etc.

Please do not allow this to bill to pass.

Thank you.
