

I'm a landlord in Multnomah County, and I urge you to oppose HB 2004-A.

I am a single property owner and being held responsible for the lack of housing and incredible growth of people moving to our City is unfair. I am sympathetic to those looking to have affordable rent but I also feel that I should also be protected from bad tenants who damage my property and to have the option to sell my property without additional penalties that I may need to take action on to survive financially.

PLEASE ALSO BE SYMPATHETIC TO LANDLORDS. WE ARE NOT ALL SCUM AS YOU MAKE US OUT TO BE.
