

Hello:

I need you to take a minute to see the Owner's and Property Manager's point of view. If you do not make it possible to give 90 day no cause evictions, you will force us to give 30 day with cause evictions. This will give the Tenants less time to find a new place to live.

If you tie our hands when trying to protect the property, then I will personally advise the Owners to sell the properties and there will be fewer rentals available for the growing rental market. Are you ready to support more homeless in Oregon?

Best Regards,

Suzanne McClellan
