**Date:** Saturday, May 06, 2017 6:08:50 PM

---

Please help defeat this bill for Grange Halls. The burden will be difficult for Grange Halls to meet the requirements each year and the outcome could make it impossible for them to pay back taxes. Grange Halls do not have much money and getting people to help out is difficult in many communities. Making it more difficult by requiring filing of forms every year just adds to the problems they face. And if they are currently exempt, it seems like adding paperwork tasks to them as well as the State for essentially no gain.

Thank you in advance.
