By voting YES on HB2190, you will help to defeat just another covered up attempt to legalize even more gambling in Oregon. We already have a huge problem with "Problem Gamblers" in Oregon, we don't need another open door for crime to come in.

A lot of supposedly legal Poker rooms have already closed due to investigations into their "No house participation", or profiting from these games. The house doesn't profit, or take a cut? Yeah Right!
