Subject: 20004 A

I am a good landlord who screens my new tenants carefully to get a good fit. Usually that works great. But people lie, tell half truths, have good intentions but can't budget or are just manipulators. I want to control who can or can't rent my house myself. It's already very hard and costly to get rid of bad tenants.

Vote NO on 20004 A

Sincerely
