To whom it may concern,

I am writing to you today requesting that you support house bill 2027 which will provide protection of the wild and scenic section of the river South of Bend. The forest service land and trails in this area already suffer from overuse. Allowing another foot bridge will only accelerate the current rate of decline in the riparian zones adjacent to the trails.

Passing this bill will help protect this area for future generations to enjoy.

Thank you,

Adam Bowles
