What is going on with House bill 2027?! Nobody knew what was going on when it was introduced. Please give time to vet this bill more thoroughly! I few neighbors/house owners are trying to get their way before anybody else noticed! That is not right. I can't believe the parks and rec had no idea about this. Someone is trying to be sneaky!! Don't let them get away with it! This is a bad bill!! Thank you for listening and doing the right thing!
