Please support this bill to protect an already designated wild and scenic Water way. To build a bridge across this area highly jeopardizes the designation. Please preserve the wild and scenic waterway as it is and not allow it to be adulterated with bridge construction which also destroys private property rights and interests . Once the sensitive area is intruded, there is no turning back. Thank you for your attention and consideration. Sincerely, Michael b Armstrong [mbal@gci.net](mailto:mbal@gci.net)
