I am writing to express my strong opposition to House Bill 2027 that would block construction of a footbridge across the Deschutes River south of Bend. As a 30 year Bend resident and home owner in the River Rim subdivision near the proposed bridge site I have supported our Park Districts continuing efforts to provide public access to the Deschutes River corridor through continued development of the Deschutes River Trail. Please do not allow a few disgruntled homeowners to derail this project.

Sincerely,
Doug Elliot
