Subject: House Bill 2027
Date: Sunday, May 07, 2017 8:27:50 AM

I would like to comment on the House Bill 2027 that was written by State Rep. Gene Whisnant. I look at this like our Oregon beaches and how Governor Tom McCall kept the Oregon beaches open to the public. I believe a foot bridge over the Deschutes river is low impact and will make excess to the trails system on the west side of Deschutes River a great improvement. Thank you for your time and help in ending House Bill 2027.
