I am against the bill because it permanently blocks construction of a bridge over the Deschutes River. This appears to be an attempt by a privileged few to stifle the needs and interests of the broader community.

The advantages and disadvantages of the bridge should be publicly debated by a diverse group of local stakeholders. HB 2027 effectively shuts down this debate.

Furthermore, I suggest the Oregon Legislature put strict rules in place to prevent this kind of "gut and stuff" amendment.

Thank you --
