Subject: House Bill 2027
Date: Saturday, May 06, 2017 9:07:50 AM

The way House Bill 2027 has been manipulated by special interests is a disgrace. The process itself is not in the interest of the people of the Great State of Oregon.

House Bill 2027 should be stopped in its tracks. And if the legislature wishes to revisit the issues considered in this bill, they should do so with an open process, that ensures representation of all concerned parties, not just a rich landowner.

Sincerely,

Keith Campbell
Bend, Oregon
