Subject: Bill 2027
Date: Saturday, May 06, 2017 7:59:58 AM

I am emailing to oppose bill 2027 that would prevent a bridge over the deschutes river south of Bend to complete the trail network in the deschutes national forest. Trails are an important part of the Bend experience for residents and tourists. This bill has not gone through respectful procedures, while the park district has been working on that trail appropriately for years. Please do not support bill 2027. Thank you.
