Subject: No on HB 2027
Date: Sunday, May 07, 2017 11:56:27 AM

Please stop House Bill 2027. Existing rules are adequate for the review and denial or approval of a pedestrian bridge over this section of the Deschutes River. This important connection has been discussed in our area and known to property owners for decades. I live blocks away to the east of the proposed location and (unlike Tim Phillips, his fake Upper Deschutes Conservation Council, and the ignorant Gene Whisnant) I have been looking forward to this trail connection for years. Tens of thousands of voters, residents and visitors have been looking forward to this connection. Don't be bought or influenced into this special interest legislation.
