Please DO NOT let this bill pass! Besides the "smelly" work of Whisnant and Beuhler and the "so-called" Upper Deschutes Conservation Council, this bill is NOT supported by Bend residents!!!!

Having a foot bridge crossing the Deschutes River in the disputed section will link trails along the river in a tasteful manner. It will not disrupt or disturb wildlife as some indicate, but it will enhance the hiking opportunities of residents and visitors alike.

This appears to be a classic political case of "pay to Play" for Tim Phillips, Knute Beuhler and Gene Whisnant.

PLEASE DON'T ALLOW THIS BILL THRU!!

Thanks,

Robert Walker
