Subject: Testimony in opposition of HB 2027
Date: Monday, May 08, 2017 7:03:37 AM

Sirs:

I oppose House Bill 2027 banning a pedestrian/bike bridge over the Deschutes River south of Bend. A ban serves only the narrow purposes of few homeowners near the site. A bridge connecting the east side of the river with trails and recreation opportunities on the west side will serve vastly more people and uses, and will benefit the "greater good." I strongly encourage a NO vote on HB 2027.
