Dear Senate Committee on Environment and Natural Resources:

I am opposed to HB 2027 which would prohibit pedestrian bridge construction south of Bend. I live one half mile from the Deschutes River Trail and see the wonderful benefits it provides to all types of users. The Bend Park and Recreation District has worked for decades to have the Deschutes River Trail run from Sunriver north to Bend and end at Tumalo. This is one of the last pieces of the DRT that needs a connection.

Best Regards,

Tim Gibbons
