---

Wanting to weigh-in on this bill presented in a very unscrupulous manner by State Representative Gene Whisnant. It seems to me that he hoped to sneak this by with no notice, and I am strongly opposed to both his methods, and the substance of this bill. I believe that the public will be best served by a footbridge in this area, and certainly by a more open forum before a decision be made on this matter.

Thank you for sending-on my opposition.

Judith M. Boone, Deschutes County resident for 34 years.
