

Hello,

I am strongly opposed to HB 2004, which puts unfair burden on landlords to pay for relocating irresponsible tenants. Please do the right thing and protect reasonable rights of all people, including landlords. I have one rental and having a bad tenant on top of having to pay to relocate them would be a huge burden on me. If you have any questions for me, I can be reached at 541.968.6477

Best Regards,
