Subject: H.B. 2004

We have rentals in the Salem and Marion County Area.

Please vote "No" on H. B. 2004.

We should know by now that governments don't fix markets - they just make them more expensive and confused.

H. B. 2004 will make it harder for tenants with marginal credit and rental history to find housing.

Vote no on H. B. 2004.

Thank you
