Subject: HB2004-A

I am a Realtor in Portland and I manage over 300 Doors for about 100 different owners. HB-2004-A is a major concern of mine, my owners and all of my colleagues who manage rentals. I oppose this bill as do all of my owners and colleagues. This bill does not fix any housing shortage problem. It simply makes landlords jobs harder and is a huge step backwards in landlord tenant law. I urge you NOT to pass this bill. It will be extremely damaging to the rental market.

Regards,
Chris Gordon
