**Subject:** Testimony in opposition of HB 2027  
**Date:** Monday, May 08, 2017 6:41:28 PM

---

I am opposed to the ban and strongly encourage the committee to vote "NO". I believe HB 2027 is wrong on principle and rationale. I believe this NIMBYism is masquerading as environmental concern. Money and influence should not override the ability of a diverse group of local stakeholders to be able to find consensus. Please vote NO. Thank you, Bess Schaberg, Bend, OR
