Dear Senator Dembrow,

I have been a resident of Bend, Oregon for over 22 years. During this time, I have seen the City encroach on the nearby natural areas more and more.

Enough is enough. Further encroachment on scenic areas is not necessary. The building of a bridge by Bend Parks and Recreation in an area of virgin beauty is not necessary; it's time to protect the scenic areas surrounding Bend.

The US Forest Service has stated their opposition to the bridge and added traffic it will bring to a pristine area. Many, many residents of Bend are opposed to development in the pristine area.

Please do not allow a bridge to be built. Please pass HB 2027.

Regards,

Evan Julber
