Subject: Keep the bridge as it was!
Date: Tuesday, May 09, 2017 9:34:20 AM

I am opposed to the Whisnant Bill prohibiting the construction of a pedestrian bridge on the Deschutes River. Please do not mess with the bridge as planned for years.

I am a walker, hiker and biker.

That bridge will make a connection that is an important element for the alternative transportation corridor of Bend. I have been counting on eventually having access to that aspect of the river for the 32 years that I have lived in Bend.

Please do not let wealthy & political interests manipulate the outcome in this situation

Cheers

Leslie Blok
