Dear Representative,

The is a request for you to nix the provision in House Bill 2027 that would prevent the Bend Park and Recreation Department from building a bridge on the south end of Bend that would link up with trails in the Deschutes National Forest. My home is situated of the eastern side of the Deschutes River, and the proposed bridge would be a boon for myself, and my family by enabling us to access the forest trails much more readily. You consideration, and action in this matter will be appreciated.

Kind regards,

Larry
