**Subject:** Support HB 2027 environmental protections for the Deschutes River  
**Date:** Monday, May 08, 2017 4:51:31 PM

---

Oregon State Senators,

I am writing to encourage you to support the amendment to HB 2027 which would prohibit Bend Park & Rec from construction of additional bridges across the Deschutes river upstream of Bend.

Environmental protections of the Upper Deschutes river are important and should be preserved.

Thank you for your service,

Margaret Martin

Resident of Bend

Margaret
