I wanted to say that I object very much to this bill. It serves the interest of a few people at the expense of the many. I can't believe this was the best Mr. Whisnant had to offer this session when we face very serious problems with PERS set to bankrupt the state of Oregon!

Do your job, find away around bankrupting my state, quit wasting my money on special interests of a few people. I do not want House bill 2027 passed.

Thankyou,
