Information Sharing

PORTLAND RAPE INVESTIGATION

Terrorist Screening Center

○ Oregon Based Resource Requests

- Prerequisite: Reasonable suspicion that a person is engaged in terrorism activity
- Fusion Center staff receive requests and create an analytical product relating to suspect

Emergency Coordination Center

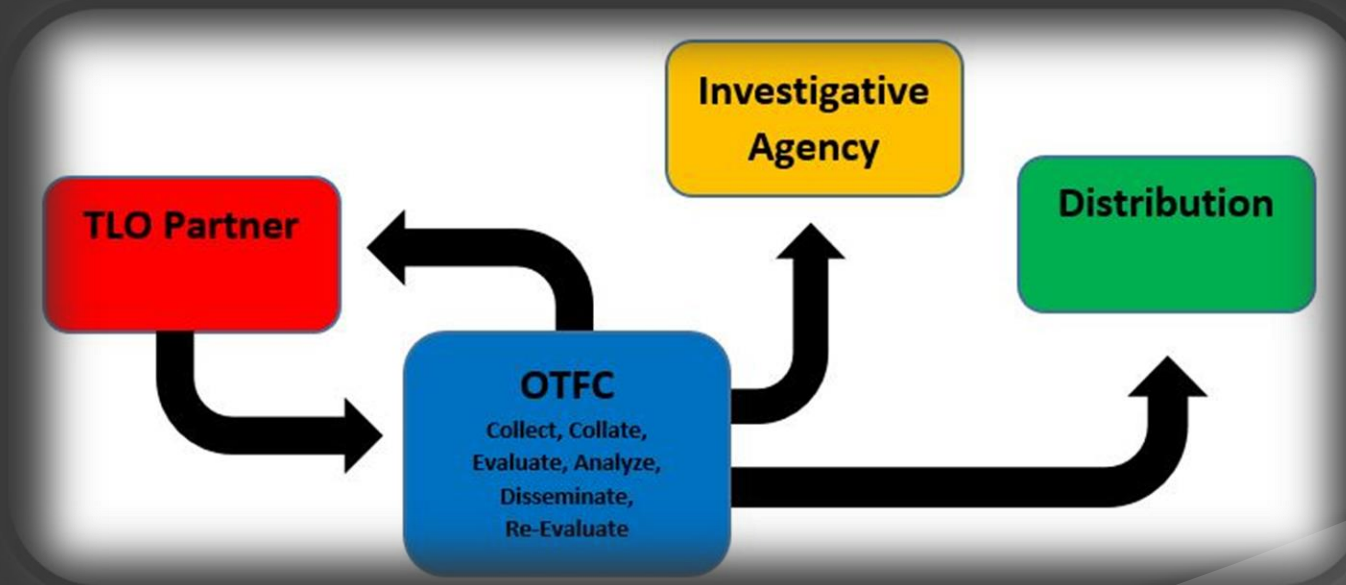

- **Homeland Security Information Network (HSIN)**
 - **Oregon Sit-Aware Room:** *OTFC staff opens a virtual coordination center for the receipt and distribution of event based information. Local law enforcement officials & TLOs update status as the event unfolds.*
 - **National Sit-Aware Room:** *OTFC staff contributes and receives information from other cities and states that are experiencing the similar event(s) and shares that with Oregon partners via the Oregon room.*

HSIN is a dual authentication database for the sharing of sensitive information nationally; administered by the US Department of Homeland Security.

Terrorism Liaison Officers (TLOs)

To empower front-line law enforcement, public safety, emergency response, and private sector security personnel to lawfully gather and share information to identify emerging threats

Investigative Support Services

- Informational Charts
- Graphic Visualization
- Financial, Communications & Evidence Analysis
- Specialized Analytical Training

Case Example

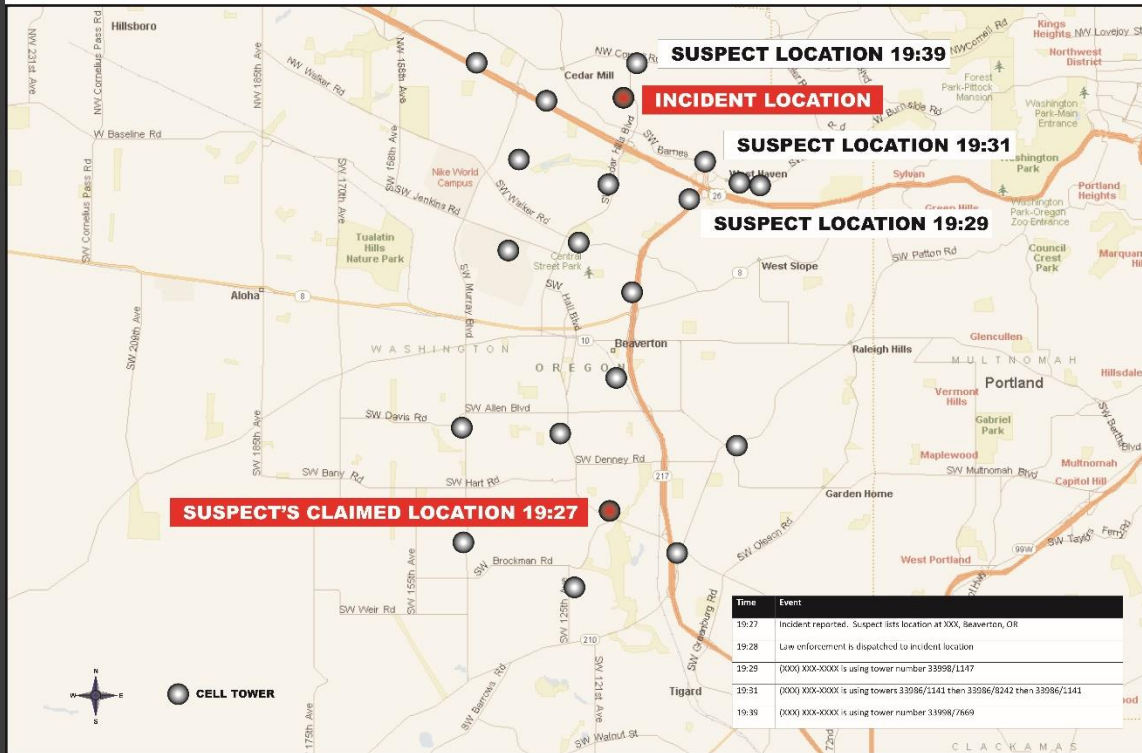

State v. John Michael Townsend (Washington County)

- John Michael Townsend, a former Tualatin Hills Parks & Rec patrol officer, set fire to empty houses on park property
- He left the scene each time, then returned to be the “hero”
- Fusion Center case support helped identify his location when fires were set
- He pleaded guilty to five counts of Arson and was sentenced to 3 years in prison

Case Example

ACTIVITY FOR XXXX XXXXXXXXXX BETWEEN INCIDENT AND SUSPECT'S CLAIMED LOCATIONS
